GROWERS OF HARDY  
PERENNIALS AND ROCKPLANTS

Since 1905

If you are seeking unusual plants  
we have them

*Expert Construction of Naturalistic Gardens  
is Our Specialty*

(ACTUAL SIZE)

GENTIANA, Acaulis

*The True Gentianella*

We have fine plants of this beautiful gem.

It is our pleasure in offering to our customers and friends the following remarkable collection of new introductions and most unusual varieties\* of Hardy Perennials and Rockplants.

Again we call your attention to the fact that all listed plants *have been tested for their perfect hardiness*, and that all have been grown and raised by us from seeds, or cuttings or divisions.
